

APP NEONATOLOGY PRIVILEGES

Applicant's Name:

Instructions:

1. Click the **Request** checkbox to request a group of **Core Privileges**.
2. **Uncheck** any privileges you do not want to request in this group.
3. Individually check off any **Special Privileges** you want to request.
4. Sign form electronically and **submit with all required documentation**.
5. To have **Administration of Sedation** privileges you must complete LPCH APP Sedation Privilege form (contact your medical staff coordinator for the form)
6. As the Supervising Physician I have reviewed and agree to the Physician Assistant Practice Agreement by signing this privilege form. The Physician Assistant Practice Agreement can be found [here](#).

Required Qualifications

Education/Training	Successful completion of a PA or NP program
Licensure (Initial and Reappointment)	Current Licensure as a PA or RN in the state of CA
Certification	Current certification as a NP in the state of California Current certification as a PA or NP by a nationally accredited organization Current NRP certification
Additional Qualifications	Current BLS from the American Heart Association
FPPE	FPPE CRITERIA LISTED BELOW. FPPE WILL BE ASSIGNED BY THE SERVICE CHIEF DURING THE APPROVAL PROCESS
Definitions	"General Supervision" means the definition specified at 42 CFR 410.32(b)(3)(i), that is, the procedure or service is furnished under the physician's overall direction and control, but the physician's presence is not required during the performance of the procedure. "Personal Supervision" means the definition specified at 42 CFR 410.32(b)(3)(iii), that is, the physician must be in attendance in the room during the performance of the service or procedure. "Direct Supervision" means that the physician or nonphysician practitioner must be present on the same campus where the services are being furnished. For services furnished in an off-campus provider based department as defined in 42 CFR 413.65, he or she must be present within the off-campus provider based department. The physician or nonphysician practitioner must be immediately available to furnish assistance and direction throughout the performance of the procedure. The physician or nonphysician practitioner does not have to be present in the room when the procedure is performed.

Age Requested

Description: For Pediatric Nurse Practitioners (PNPs), this includes adult patients with congenital/pediatric-acquired disorders and/or diseases and/or treatments
